Women Who Code

WORK EXPERIENCE

USER EXPERIENCE ENGINEER

@ Cisco, CX Engineering and Product Incubation
NOVEMBER 2020 - PRESENT

Developed accessibility-first UI components for CX Engineering teams to use as building blocks to deliver an intuitive, unified user experience

FRONT END ENGINEER + ACTING UI/UX DESIGNER

@ Cisco, New Product Introduction
SEPTEMBER 2019 - NOVEMBER 2020

Developed, from prototype to production, Angular web apps for Product Managers for their go-to-market planning and launches;
Prevented costly iterations due to redesigns by providing high-fidelity prototypes for early stakeholder feedback

TECHNICAL SOLUTIONS ENGINEER

@ Cisco, Subscription Billing Platform
MAY 2018 - SEPTEMBER 2019

Designed end-to-end solutions that revamped major billing scenarios and enabled the Try and Buy program for subscriptions, which accounted for 74% of Cisco's annual software revenue;
Improved the dev cycle from quarterly to monthly/weekly releases as Product Owner of pilot Scrum team

SOFTWARE ENGINEER I

@ Cisco, Subscription Billing Platform
JULY 2017 - MAY 2018

Created a Webex Teams chatbot that automated meeting scheduling room reservation negotiations that was highlighted in a new hires showcase
