Conversational fluency in Japanese
Workshop Facilitation

CERTIFICATIONS

Cisco Design Thinking Practitioner (Cisco)
Software Architecture for the Enterprise Architect
(Udemy)

AFFILIATIONS

Alpha Phi Omega - Iota Phi
Cal Aggie Alumni Association
Design for America Alumni Network
Project Invent

EXPERIENCE

FRONT END ENGINEER + ACTING UI/UX LEAD
@ Cisco, New Product Introduction (NPI) team
SEPTEMBER 2019 - PRESENT

- Develops, from prototype to production, intuitive and scalable New Product Introduction tools for product management teams;

- Serves as the acting UI/UX Lead by providing thought leadership and feedback on designs before they are handed off for development

TECHNICAL SOLUTIONS ENGINEER
@ Cisco, Subscription Billing Platform team
MAY 2018 - SEPTEMBER 2019

- Designed end-to-end solutions for Cisco's subscription lifecycle management platform;

- Provided technical requirements to developer teams via detailed user stories as Product Owner for the platform's only agile team

SOFTWARE ENGINEER - UI
@ Cisco, Subscription Billing Platform team
JULY 2017 - MAY 2018

- Developed reusable Angular components for a user-friendly and data-heavy platform

SOFTWARE ENGINEER INTERN
@ Cisco, Subscription Billing Platform team
JUNE 2016 - SEPTEMBER 2016

- Created a Webex Teams chatbot that automated meeting scheduling room reservation negotiations

DESIGN TEAM LEAD
@ Design for America + Fiat-Chrysler Automobiles
JUNE 2015 - JANUARY 2016

- Conducted user and field research to create a shared mobility solution for rural communities that accounted for lack of urban resources;

- Built high-fidelity app prototypes used in the final presentation to the FCA executive team
